Hello,

Please find below the order of presentations for the final project on Wednesday, May 7, from 12:30 pm to 2:30 pm. Remember that at least one of the team members must present the project. As I have mentioned, it is not a technical presentation. You will have 10 minutes to show off your project and functionalities.

I will give 5 extra points for the last stage to the team that presents the best overall project. Our session will be via MS Teams.

Do not forget to upload the final link for your work on Canvas. Remember that this is our final. Let me know if you have any questions

Jean-Luc Picard

Good day,

I find your tea selection most exhilarating. Please provide a sample of Earl Grey, hot. Make it so.
